

## 2020 BSAC offerings (5 hours)

Johnston Community College is the first college in North Carolina to offer BSAC on-line. The state of North Carolina requires BSAC training for school-age professionals who plan and ensure the implementation of daily activities or supervise groups of school-age children in licensed child care programs. The modules in BSAC will cover the elements of quality care, child development, positive guidance, age appropriate activities, environmental design, health/safety, nutrition, and NC Child Care Regulations. Students will get the same information as a face to face class, but through distance learning.

**Registration Fee:** \$30.00 (subject to change)
